

MSDS

Sodium Lauryl Ether Sulphate - SLES

SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY

Synonyms: Sodium Lauryl Ether Sulphate

CAS No.: 68891-38 3

Urgent Contact: Henan Aslan Chemical Co.Ltd

NO 258, Nanyang Road,

Jinshui District, Zhengzhou, China

Tel: +86 371 6173 9577 Fax: +86 371 6173 9578

Email: info@aslanchemical.com

SECTION 2: HAZARDS IDENTIFICATION

May cause irritation to the mouth & upper digestive tract.

May cause significant skin irritation especially if exposure is prolonged and/or repeated.

Contact with eyes can cause severe irritation. If not washed out promptly, will injure the tissue and permanent damage may result.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Ingredient	CAS No.	Concentration
Sodium lauryl ether sulphate	68891-38-3	70±2 %
Water	7732-18-5	27 - 32 %
R 38: Irritating to skin.		
R 41: Risk of serious damage to eyes.		

SECTION 4: FIRST AID MEASURES

Ingestion: Wash out mouth with water. Do not induce vomiting. Seek medical advice.

Skin: Wash the skin immediately with soap and water. Get medical attention if any discomfort continues.

Eyes: Promptly wash eyes with plenty of water while lifting the eyelids. Continue to rinse for at least 15 minutes. Get medical attention.

SECTION 5: FIREFIGHTING MEASURES

Extinguishing media:

Fire can be extinguished using water spray, alcohol foam, dry chemical or carbon dioxide. Avoid using large quantities of water.

Hazardous combustion products:

None.

Protective measures in fire:

Cool down the packing. In case of fire, wear self-contained breathing apparatus.

SECTION 6: ACCIDENTAL RELEASE MEASURES

General information: Use proper personal protective equipment as indicated in section 8.

Spills/Leaks: Vacuum or sweep up material and place into a suitable disposal container. Clean up spills immediately, observing precautions in the protective equipment section.

MSDS

Sodium Lauryl Ether Sulphate - SLES

SECTION 7: HANDLING AND STORAGE

Handling containers: Use full protective gear. Protect containers against physical damage/direct sunlight/water.

Storage precautions:

Store in plastic, plastic lined or stainless steel, tight closed containers at ambient temperature (<35°C) away from direct sunlight & also maintaining the pH >6.0 at all times. A slight pH drop is expected during prolonged storage. Avoid freezing and excessive heating.

DO NOT USE MILD STEEL TANKS OR TRANSFER LINES FOR THIS PRODUCT

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering controls: Facilities storing or utilizing this material should be equipped with an eye wash facility and a safety shower. Use adequate ventilation to keep the airborne concentrations low.

Personal protective equipment:

Skin: Rubber gloves

Respiration: Air respirator

Eyes: Goggles

Feet: Safety shoes

Body: Lab coat

Hygienic precautions: Remove contaminated clothing & wash hands between breaks & at the end of duty hours.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Colorless to pale yellow translucent paste

Moisture & volatiles %: 27 – %32

Density at 25°C: Min. 1.05 gm/cm³

Boiling point: Not available

Freezing/Melting point: 5 – 10°C

Solubility in water (20°C): Soluble

Auto ignition temperature: Not available

Flash point: Not available

SECTION 10: STABILITY AND REACTIVITY

Chemical stability: Product is very stable under the prescribed storage conditions.

Incompatibility with other substances: Do not subject to acidic pH. Avoid contact with strong acids & oxidizing substances.

Reactivity and under what conditions: Reaction with acids and elevated temperatures

Hazardous decomposition: On combustion it will yield oxides of carbon and sulphur.

SECTION 11: TOXICOLOGICAL INFORMATION

Toxicity: Non toxic

Skin contact: Moderate

Inhalation acute: None

Skin absorption: Slight

Inhalation chronic: None

Eye contact: Moderate

Ingestion: Mouse LD₅₀ > 2 g/kg

Effect of acute & chronic exposure to material: The extensive use of Sodium lauryl ether sulphate in industry has not been accompanied by any reports of injury.

Irritancy of material: Moderate

Carcinogenicity, reproductive effects, terratogenicity, mutagenicity: None reported

SECTION 12: ECOLOGICAL INFORMATION

The product should not get into waters without treatment. Dissolved in water the material is readily

MSDS

Sodium Lauryl Ether Sulphate - SLES

biodegradable (>%96) and will not cause any disturbance in the waste water treatment plants.

SECTION 13: DISPOSAL CONSIDERATIONS

Leak and spill procedures:

Being a paste it can be collected, swept up and stored in closed containers.

Disposal:

Any unrecoverable/recyclable materials should be disposed off in accordance with federal, state and local authority regulations.

SECTION 14: TRANSPORT INFORMATION

IATA:

Not regulated as a hazardous material.

IMO:

Not regulated as a hazardous material.

RID/ADR:

Not regulated as a hazardous material.

Not classified as hazardous for transport. However one should observe the usual precautionary measures for transporting chemicals.

SECTION 15: REGULATORY INFORMATION

According to the data available the product is not a regulated product. However one should observe the prescribed federal, state & local measures for dealing with chemicals.

Hazard symbols: Xi

Risk Phrases:

R 38: Irritating to skin.

R 41: Risk of serious damage to eyes.

Safety Advices:

S 26 – In case of contact with eyes, rinse immediately with plenty of water and seek medical Help

S 39 – Wear eye/face protection.

SECTION 16: OTHER INFORMATION

The data herein are based on our current knowledge and believed to be reliable. Henan Aslan Chemical Co provides this information without any representation or warranty, expressed or implied, regarding its accuracy or correctness. Users must make their own determination that handling, storage, use and disposal of the product in the anticipated manner is safe and appropriate. Because these actions of the user are out of our control, and may be beyond our knowledge, we do not assume responsibility and expressly disclaim liability for loss, damage, expense or any other claim arising out of or in any way connected with the handling, storage, use or disposal of the product or container.
